FINE DINNER AT THE COUNTY FARM

County Officials and Others Enjoy the Hospitality of Superintendent.

A reporter for this paper was an invited guest at the county farm for dinner today.

The only objection to being a pauper in Clark county is the name.

The farm is as well kept as any in the country. On it are all the necessary conveniences. The buildings are old but they are well kept.

Almost everything necessary for food is raised on the farm. Mr. and Mrs. Ed. C. Kissenger were the hosts today and only those that have partaken of their hospitality can know the goodness of the feast that was served. The reporter would fail to express what is on his mind if he did not mention the excellent road that leads to the farm. The road Superintendent, Mr. D. S. Haggard, is the right man in the right place. He knows how. Those who partook of the dinner were: Judge J. H. Evans, County Attorney S. A. Jeffries, County Clerk J. A. Boone, Assessor Roger Quisenberry, Justices Ben Willis, James Richards, Scott Renick, John Ramsey, Sam Pursely. The County Physician Dr. C. M. Driver, and Messrs. Lee S. To Be Transplanted From British Columbia to Honduras.

Vancouver, Oct. 16.—J. B. Harkin of the department of interior of the Dominion government has solved the Hindu question so far as the province of British Columbia is concerned. The entire Hindu colony, consisting of more than 2,000 persons, is to be moved from British Columbia to British Honduras. The plan is being carried out between Sir Wilfrid Laurier and Lord Strathcona, Canadian commissioner in London, and the governor of Honduras. Harkin left today with two Hindu delegates for Honduras to arrange the details for the employment of the colony there. The Hindus are anxious to move and the Imperial government will assist in the cost of transportation to their new home. AIR RACES PLANNED.

"Wind Wagons" to go For Records On Election Day—Col. Gribble May Compete.

NEW YORK, Oct. 16.—The first free-for-all five-mile sailing race through the "Aerial Ocean" by dirigible balloons and flights by all kinds of air craft, regardless of the scientific names by which experts may know them, will be held on the afternoon of election day, November 3, from the grounds of the Aeronautic Society at Morris Park. Prof. W. H. Pickering, of Harvard University, has presented a wind wagon—a form of conveyance almost unknown here, but one which has been used abroad for some time with considerable success to the society. A wind wagon is a frame on wheels with the motor geared to one or more car propellers instead of to the wheels. These propellers, turning rapidly in the air, supply the driving power. There will be a race by wind wagons, the first ever held.

Capt. Thomas S. Baldwin, Roy Knabenshue, Capt. Bombard, Carl E. Myers, Charles K. Hamilton, Charles J. Stroebel and Col. Jacob Gribble, of Louisville, have been invited to compete with their dirigible balloons.

WHY BUY WATER From Oyster Dealers?

Of course, when a dealer mixes fresh water with oysters and prevails on you to buy it at the rate of from 30c to 50c per quart. HE may be smart, but aren't YOU foolish? Your water company will sell you water at a much lower rate. Now, if you want oysters only—fresh, pure, natural flavor and solid meats—no water at all—our Sealship Oysters fill the bill. Telephone an order or drop into our store.
